

Dr. H. C. Wrinch Spoke on United Church Situation

On Wednesday evening, in the Union Church, Hazelton, Dr. H. C. Wrinch, M. L. A., gave the address, and took as his subject "The United Church of Canada". His main talk was in regard to the situation in British Columbia, where the incorporating act failed to pass the legislature last session. The failure of the act to pass will not in any way prevent the consummation of the union of three churches, as that is governed entirely by Dominion legislation already passed. The provincial legislation is for the purpose of enabling the new church to receive and control property and that alone. The failure of the B.C. legislature to pass the Incorporating Act means only the delay of a year in transferring the church property to the churches entering the Union for a year. At the next session of the legislature the matter will be brought up again, and there is no doubt that a satisfactory act will be passed. The stumbling-block last session was the desire of the legislature to make provision for the minority in a congregation to participate in the property holdings of that particular congregation, if such provision may be satisfactorily and fairly made. Dr. Wainch had his subject well prepared and made the situation to the Hazelton congregation very clear.

Badminton Clubs May Meet

The Hazelton Badminton Club held a highly-interesting one-day tournament on Saturday afternoon and evening last, when a team captained by the President met the Vice-president's side, the former emerging victorious by a score of 11 games to 7. The Club has received an invitation from the Terrace Badminton Club to journey to that point shortly for a number of games, and it is expected that arrangements will be made to accept the invitation.

Citizens Gave A Dance

Two sleighloads went to Hazelton Friday night for the dance given in honor of Mr. and Mrs. Galloway and Dr. Petrie who are leaving shortly for the south. It was one of the most enjoyable dances held in Assembly hall for a long time. Music was furnished by the Kispiox orchestra to the satisfaction of everyone. It was one of the best attended social gatherings held in Hazelton since the Flower Show dance. The three guests of honor should have an idea of the high esteem in which they are held by the people of the district.

Skeena's Industrial Centre

C. W. Homer, provincial assessor, of Prince Rupert, spent a few days in town on official business this week.

Tom Reilly, of Vancouver, was a business visitor during the week.

J. P. Walsh, of the Walsh Construction Co., Vancouver, arrived last week to look over the Skeena Lumber Co.'s ground with a view to the installation of the company's dry-kiln, which is to be built at once, as soon as the mill begins to saw up the logs which have been lying in the yard.

A whist drive and dance took place in the hall on Saturday night, under the auspices of the Usk Orchestra. There were seven tables of whist, the premier awards being won by Mrs. A. J. Thompson and Wilfred Valpy. The evening was wound up with a dance, which extended into the early hours.

Guy Mills, of the Lucky Luke mine, has gone to the Hazelton Hospital for treatment.

Capt. Willman left for Prince Rupert last Sunday night, on business.

Extensive improvements are being made on the Shackleton Hotel. The third storey is being made to accommodate many more guests, and the second storey is also undergoing changes.

Kitwanga

Rev. T. D. Proctor was detained in Hazelton on Sunday, but left that night on the train for Kitwanga, where a team and sleigh were awaiting to take him to Kitwancool, at which place he officiated at the baptism of seven children and united Ernest Derick and Rebecca Samson Harvey in marriage. Three sermons were preached, with Mrs. Cox acting as interpreter. Services were held in the new Church Army Hall, which was tastefully decorated. On Tuesday Rev. Proctor presided at the election of new officers of the Church Army at Kitwanga, and these were installed on Wednesday afternoon, which also saw the election of White Cross officers, who were installed that evening. Following this the rector returned to Hazelton.

Hazelton Flower Show Day is Set For August 21st

The annual meeting of the Hazelton Horticultural Society was held in the courthouse on Thursday evening last, when the reports for the year were read and proved very satisfactory. There is a substantial cash balance on hand, besides considerable property used in connection with the flower show. The date for the flower show was set for August 21, 1925. The supplying of flowers for the dining cars will also be continued next summer. There will be a number of new features added to this year's work. A full report of last year's work and of the plans for the new year will be published next week.

OVERHEARD AROUND NEW HAZELTON

D. W. Pratt, of Skeena Crossing, was a visitor on Thursday.

"The League of Nations" will be the subject of the address which Rev. A. C. Pound will make at the first of the evening services in the New Hazelton church on Sunday, January 18, at 7.30.

Miss Cliffe, of New Westminster, arrived on Wednesday to enter the nurses' training school in connection with the Hazelton Hospital.

Owing to the editor being a patient in the hospital this week, considerable news, both local and district, has had to be carried over until next week.

L. S. McGill is the new president of the Bulkley Valley Board of Trade. He has been an efficient secretary for several years and if he applies the same energy as president the Bulkley Valley is due to make considerable progress.

G. C. McKay, newly appointed district engineer, public works department, arrived in Rupert this week to take over his new position.

Public Works Conference

Victoria, Jan. 15.—Highway problems of every description have been discussed by district engineers, assistant engineers, and road foremen at the annual conference just held here. Hon. W. H. Sutherland, minister of public works, is continuing the practice of calling the department engineers into conference every winter, believing that the best of results for the province as a whole are secured through the exchange of ideas and presentation of recommendations.

Lakelse Valley

The annual general meeting of the Lakelse Community Club was held in the Community Hall on Tuesday, January 6. There was a good attendance, and the officers for the ensuing year were elected as follows:

President—R. Corlett.
Vice-president—Mrs. H. Freckman.
Sec.-Treasurer—B. L. Pearson.
Executive—Mrs. J. Cook, Mr. and Mrs. C. J. O. Toombs, C. J. Norrington.

The financial report showed a substantial balance on the right side, and the members are looking forward to another successful year.

The invitation dance held in the Hall on Saturday last proved to be a delightful affair, and those present included a number of young people from Terrace. Joe Cook's famous gramophone, assisted by Jim Norrington's guitar, provided the music, and an excellent supper was served at midnight. We hope we have another dance shortly. Watch this column.

The Valley is looking prosperous just now. Freckman & Cook are taking out poles; H. Defontaine, Geo. Bissonette and Pierre Limousin are making shingle bolts and piling; W. W. Hippley, A. and J. Cote, and Chas. Toombs have tie contracts, while S. F. Mills is hauling poles. There have been no complaints about the weather, and hauling conditions are ideal.

Dr. H. C. Wrinch, M.L.A. Has been invited to address a meeting of the Smithers District Board of Trade next week.

We regret to report that Mrs. J. L. Thomasson, who was expected home from the Hazelton Hospital this week, is not so well again.

Rebekahs Elect Lodge Officers and Instal Them

The election and installation of officers occupied Mountain View Rebekah Lodge, No. 47, at its regular meeting held in the G.W. V.A. Hall, Terrace, on Wednesday, January 7. Terrace

The members of the Presbyterian Ladies' Guild held their New Year meeting at the home of Mrs. T. Brooks on Thursday of last week, when a good attendance arranged for the work of the auxiliary during the ensuing year.

A number of people have been under the weather lately and some have the doctor in attendance. However, with milder weather, it is hoped the epidemic of colds will abate.

W. T. Treston, of Smithers, is renewing acquaintances in Terrace this week.

S. A. D. Davis, of Usk, was a business visitor during the early part of the week.

Miss De War, of Copper City, was the guest of Mrs. H. M. Wilson over the week end.

Natives Gave Concert

The Northern Interior Native Association, of Kispiox, gave an excellent concert in Assembly Hall, Hazelton, on Monday evening before a large audience. The band of over twenty members rendered first-class music. There were also songs, duets, and recitations, many of which received an encore. The negro dancer and "Charlie Chaplin" were unusually comical and original. It was all in English and was a splendid display of the remarkable native musical talent. Mrs. Robert Tomlinson presided at the concert most acceptably, and at the conclusion was presented with a gift in appreciation of her assistance.

The Outlet From the Peace

The Peace River Board of Trade
is said to favor a railway from
the Canadian National at this
point to open up their country
and have so communicated with
the Prince Rupert Board of Trade.
The latter body has appointed a
committee to go into the matter
and gather what data is possible.
On more than one occasion this
paper has drawn attention to the
advantages of the most direct
route from the Peace River to
Prince Rupert, or to the Pacific
Coast. In the past it has seemed
almost too good to be true that
the Peace River trade could be
brought direct to Prince Rupert,
and with that belief, encouraged
by Vancouver men, little atten-
tion has been paid to the advan-
tages of our own country. When
the north gets down to working
together for the development of
our own country, and ceases
wasting time over the petty vil-
lage knocks from the south, this
country will soon make good and
fully justify the money already
spent and what is yet to be spent.
The only thing to be feared from
the south is that the speculators
there will tie up the northern
industries and northern resources
to hold back as long as possible
our advancement and our com-
petition, which they greatly fear,
they being still in the village
stage and do not realize that they
cannot grow much more except
through the expansion of north-
ern enterprises. The north is
far richer than the south and
more able to stand on its own
feet. Any delay in our growth
in future will be due largely to
our own timidity to go in and in-
herit the land.

Municipalities and Liquor

Many municipalities are now
kicking because the provincial
government charged them with
the cost of enforcing the liquor
laws after the municipalities had
failed to enforce the said laws.
Just where the kick comes in is
hard to guess, as Attorney-Gen-
eral Manson gave sufficient notice
and gave it often enough that
this course would be pursued.
The municipal police could have
stopped bootlegging if the muni-
cipalities had desired that busi-
ness stopped. It is safe to say
that every policeman, municipal,
provincial or Dominion, knows
every bootlegger in his particular
district and could either put a
stop to the traffic, arrest the
parties, or drive them to a new
location, at almost a moment's
notice. But, so far, the public
has not been particularly anxious
to close up the blind pigs, appar-

ently. Therefore there is no
kick coming if special officers are
sent into a district to enforce the
law and the cost charged to that
district. With beer licences
granted, the blind-pig business
should be easier to control, as the
licensee will hardly stand for
competition from illicit dealers.

Change Appreciated

Starting last week, the Cana-
dian National Railways changed
the time of the wayfreight leav-
ing Prince Rupert from Wednes-
day to Thursday. A couple of
weeks ago this paper drew atten-
tion to the fact that all freight
coming from Vancouver was held
in Prince Rupert a week because
the freight train pulled out of
Rupert each Wednesday morning
and the boat arrived from Van-
couver each Wednesday after-
noon. All business houses along
the line will appreciate the change
which means the saving of a
week in receiving their goods.

Woodcock

W. Elliott paid a brief visit to
Telkwa last week.

Mrs. H. Doll has returned to
Kitwanga after visiting relatives
here for the past few months.

Mrs. A. Hobenshild is spending
a few days at Kitwanga.

W. Brand was a Rupert visitor
last week.

D. MacLean has returned to
the Elliott pole camp, having re-
covered from his accident of a
few weeks ago.

L. Woods spent last Wednes-
day at Terrace.

A. Goodenough, of the Hanson
Lumber and Timber Co., was a
visitor on Saturday.

The annual meeting of the
Farmers' Institute was held in
the schoolhouse last Saturday.
There was a good attendance of
members, who discussed several
matters of importance.

A. Grey and D. Christopher
have returned from their mineral
claim, about two miles north-
west of here, with some fine
samples of ore.

W. Elliott shipped a team of
horses to Telkwa last week.

W. McMillan left this week for
Terrace.

The foolhardy recklessness of
certain motorists was recently strik-
ingly illustrated at a public cross-
ing on the Canadian Pacific Railway
line at Blind River, Ontario, when
a speeding auto approached the
crossing so rapidly that the driver
was unable to pull up, and ran his
car into the side of a train which
was passing at the time. Fortun-
ately, no one was injured.

In recognition of its excellent ex-
hibits at the 1924 exhibition at To-
ronto, the Canadian Pacific Rail-
way has been awarded one of the
medals specially struck off for pre-
sentation to the Dominion and Pro-
vincial governments, and to a limited
number of other exhibits whose
high class entries in the live stock
and agricultural departments won
them championship prizes.

The mining laws of this Province are more liberal and

Mineral locations are granted to discoverers for nominal

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; in minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Pat O'Hoolley on the Training of Girls

(Copyrighted, 1925, by I. H. Holden, Cereal, Alta.).

"Ye naden't be peekin' over me shoulder, Mr. Donovan!" said Pat O'Hoolley, turning on his grinning tormentor. "I'm not searchin' fer whiskey advertisemints. "You make me a trifle weary, Pat," returned Donovan. "You are like a barren woman who preaches the care of children. What do you know of married life?"

"By exparience, nothin' at all—an' I'm glad of ut!" said Pat! "But I've used me eves, an' I've a head on me shoulders. Th' trouble in th' homes is because the mithers have too high notions an' don't train the gals as they used to."

"Bunk!" cried Donovan. We have got past yesterday. I admit there's an underlying cause for this restlessness; and it may be the women's nerves, brought on by high powered cars, the movies and mixing in politics. The girls don't care much for the home any more."

"I'm not denyin' that burnin' up th' road, votin', an' chewin' gum in movies has a demoralizin' influence on wimmin," said Pat, but ut's only wan of th' symptoms; ut has an origin, an' mam-ma's boundless ambition fer Lovey is responsible fer ut."

"Well, they used t' tache th' gals t' be housekapers, not college presidints," said Pat. "I'm not denyin' that higher education has ut's uses—fer some—but there's no sinse in spoilin' ninety-eight cooks t' make two valedic-

Here and There

At the close of Montreal's 1924 season of ocean traffic on December 3, the Harbor Master announced that 1,222 ocean and coasting ships arrived in the port during the year as against 1,114 in 1923 and 1,194 in 1922, the best previous season. It is believed that a new record has also been established in the number of lake vessels visiting the port.

The service operated by the Laurentide Air Service to the gold-fields of Rouyn, Que., which was successfully inaugurated this summer, will be continued during the coming winter. Travellers will make the journey in luxury, closed machines with plush seats and a carrying capacity of six passengers being employed.

Canada stands out to the intending British emigrant as the most attractive of the Dominions, according to General Bramwell Booth, head of the Salvation Army, who has just completed a tour of this country. The army is now considering the establishment in western Canada of a training school for boys who wish to take up farming there.

Another fine new station was made available to the public by the Canadian Pacific Railway when the company's new building at Schreiber, Ont., was opened by H. J. Humphrey, general superintendent of the Algoma district, on December 11. This structure, which replaces the former frame building, is of modern fireproof construction. It will also house the superintendent of the Schreiber division and his staff.

Three times winner of the world's champion wheat prize at the Chicago Live Stock Show, including this year's prize, J. C. Mitchell, Agoma, Alta., sailed for the Old Country on a demonstration tour aboard the Canadian Pacific steamship "Montlaurier" on December 12. Mr. Mitchell states that prize wheat is improving each year and that exhibits which would have won first prize twelve years ago now seldom take higher than fifteenth place.

Within a radius of forty miles from Taber, a small town in the heart of the settled southern district of Alberta, antelopes estimated to number 1,000 are running wild. The prairie antelope was once almost extinct but protective measures put into force have saved the species and present indications are that this splendid game animal may soon increase to an extent rendering an open season possible and adding greatly to Alberta's attraction for sportsmen.

One of the heaviest rushes ever experienced by the Canadian Pacific Railway in connection with its traditional Christmas sailings to the British Isles was experienced this year. A special train from the West to Montreal was required for the accommodation of passengers for the company's steamship, the "Montlaurier," sailing December 12 from St. John, N.B., while one or two specials or extra sections from Montreal to St. John and extra sections on the Imperial, the Canadian Pacific transcontinental, were required daily for steamship passengers during that same week.

The residents across the river entertained a number of friends from town at a most enjoyable dance, held in the schoolhouse, on Saturday evening, at which a large crowd was present. The weather being mild, the hike over and back added much to the enjoyment of the outing. Then, in addition, the Lakelse people know how to entertain.

Need New Telegraph Office

There is a very strong feeling in town that the Dominion Telegraph office is entitled to a new home. The present location is unsuitable in every way. It is off the line of traffic; it is so very small that it is difficult to find, even on a sunny day and it is such a ramshackle that it is a disgrace to the government of Canada and an eye-sore to Terrace. There are other locations in Terrace which would be business getters and which would be much more in keeping with the dignity of the business and at no additional cost to the government. The government should not ask its employees to labor and live under conditions contrary to provincial and natural laws. Said conditions cut the efficiency of the service and of the employees to the minimum. Said conditions are also repulsive to the people. The result is that the service is used only when compulsory to do so. It is time the Dominion Telegraphs and Telephones realized that the original back-woods and slovenly service is out of date and its persistent attempt to cram that service down the people's necks for ever has more to do with the annual deficits than all other conditions combined. New quarters that could be kept at-

Bringing East and West Several Hours Closer Together

A FURTHER cut in running time between Winnipeg and Toronto has been announced by Canadian National officials at Winnipeg in connection with train schedule changes which became effective recently. Last year, with the opening of the Long Lac cutoff connecting the north and south main lines of the Canadian National Railways in Northern Ontario, five hours was sliced from

the running time of the Winnipeg-Toronto service, and with the new train now running, another five hours' reduction has been made. The National now leaves Winnipeg at 5.30 p.m. daily and arrives in Toronto at 7.20 a.m. From Toronto, the train leaves at 8.45 p.m., arriving in Winnipeg at 8.45 a.m. of the second day, making a 37 hour run. In each case passengers be-

tween the eastern and western cities will lose only one business day in their journey, as the train leaves after business hours and arrives at its destination in time for a full day's work. Equipment of the train will be the same as formerly, including express and day coaches, lunch counter colonist car, tourist and standard sleepers, and radio observation car.

moved into town for the winter months, and are occupying the house recently vacated by Mr. and Mrs. Attwood.

A good attendance marked the meeting of the Anglican Women's Auxiliary, held on Thursday last at the home of Mrs. Burnett.

The monthly meeting of the Parent-Teacher Association, held in the G.W.V.A. hall on Thursday, January 8, was fairly well attended. A number of donated articles were auctioned by F. C.

Bishop and realized \$12.20. As the association's treasury is very low, it will be necessary to raise funds by another sale or some form of social function at an early date. The next meeting will be held in the schoolhouse on February 12, when Miss Andrews will give a talk on primary work in the school-room.

We are pleased to note that Mrs. R. W. Riley is able to be about again after being indisposed for several weeks.

Alfred T. Weeks, of Ootsa Lake, was admitted to the Hazelton Hospital last week with both feet frozen. He was driving over the Ootsa-Houston road, and at times walking. He is getting along fairly well.
